Pinewood DMS Edge Settings

Contents

Internet Explorer Compatibility	2
---------------------------------------	---

Internet Explorer Compatibility

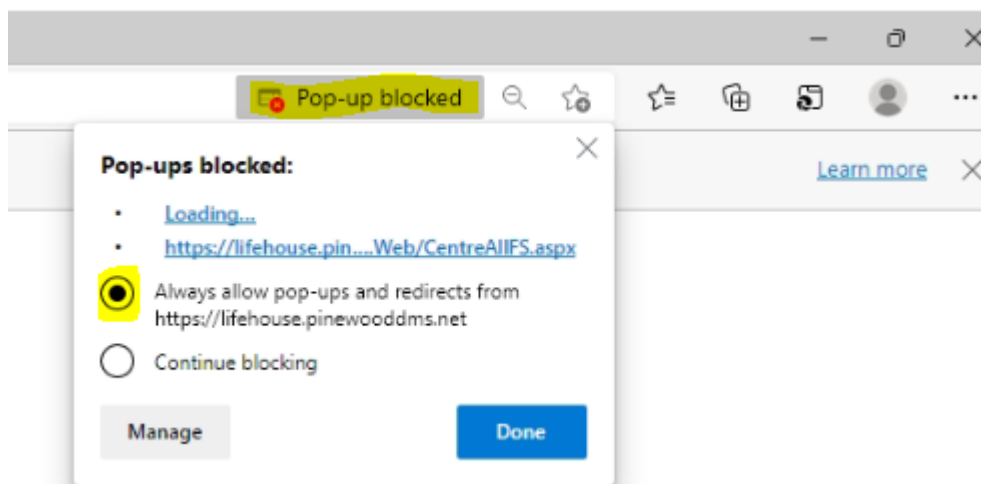

Open Edge > 3 dots in the top right > Settings > navigate to the Default Browser settings and make sure it's setup as follows.

First setting can be set to 'Always'.

Click on 'Add', and you will need to add the full URL of each site you will be using, ie:
`https://afsa.pinewooddms.com`

Once you open Pinewood DMS in Edge, you might need to enable pop ups by clicking on the 'Pop-up blocked' button and enable it as per image below:

You are able to add a wildcard on the allow list, ie: `*.pinewooddms.com` by navigating to Settings again > Cookies and site permissions > Manage and delete cookies and site data > Allow > Add the following `[*.]pinewooddms.com`
